INTRODUCTION

Welcome to One Click Handling – a brand-new cargo handling organisation built to support the UK's freight forwarding community with a range of asset-driven services for general and niche cargo types, **24 hours a day, 7 days a week.**

Our **impressive service portfolio** covers a broad spectrum of logistics elements, including **transportation, warehousing and storage, pick and pack, pharma traffic support, customs brokerage, security screening, and more** – all designed to position us as a vital partner for forwarding companies.

We bring extensive experience from many years in the logistics industry, ensuring that our customers receive first-class service. Our team is **highly motivated** to develop quality, **long-lasting relationships** with customers.

WE CONSIDER OURSELVES TO POSSESS QUALITIES OF **PROFESSIONALISM, HONESTY, RESPONSIBILITY, AND FLEXIBILITY**, ALL OF WHICH MAKE UP OUR INHERENT NATURE AND IDENTITY.

WAREHOUSING AND STORAGE

Our London Heathrow facility boasts a newly refurbished **1,100m² secure warehouse**, including new offices, located in the heart of Heathrow's cargo operating zone — just 1km from the airport itself. This provides swift access to the LHR cargo terminals and the motorway network. It benefits from **400 pallet positions** with a total storage capacity of more than **500,000kg**.

Goods arriving for storage are checked into their new temporary home quickly and efficiently. Items can then be called upon for additional processing and dispatched with minimal fuss. **Regular reporting** is shared, giving customers **peace of mind** that their stock is in safe hands.

WE WORK TIRELESSLY TO **ENSURE** THAT YOUR CONSIGNMENT IS **DELIVERED ON TIME AND IN PERFECT CONDITION.**

E-COMMERCE FULFILMENT

Complementing our storage product is our comprehensive e-commerce service. Stock items are **picked and packed** on the day of the order and dispatched through a range of cost-effective **final-mile delivery** solutions, **tailored to each client's requirements**.

We can work with **your branded packaging** materials or provide a **wide range of professional-quality** options to ensure your customers receive orders in the best possible condition. Our up-to-date software provides live stock information and delivery tracking.

OFFER OUR CLIENTS A **DEPENDABLE, QUALITY-DRIVEN** PARTNER.

GENERAL TRANSPORT

A **full range** of commercial vehicles for any eventuality are just an email away. Journeys are **fully managed with live tracking updates** provided at key progress milestones. Our transport team has a wealth of relevant experience and understanding, making us the right choice as your transport partner. Whether it's a **groupage service** to and from the airline sheds, or a **UK same-day-point-to-point**, each load is processed professionally and enthusiastically.

OUR TEAM CLOSELY MONITORS THE MOVEMENT OF THE CARGO AT EVERY STEP OF THE JOURNEY.

SECURITY SCREENING

Investment in accreditation and equipment infrastructure is key to our growth. A flagship example of this is the company's '**Regulated Agent**' status, granted under the **Aviation Security (Air Cargo Agents) Regulations 2024**, along with our brand-new, **state-of-the-art freight X-ray machine**, capable of scanning pieces up to 180cm x 180cm / 3,000kg.

Designed specifically for cargo, this **high-definition detector** provides a penetrating view of steel items up to nearly 5cm thick, significantly reducing the number of shipments requiring secondary screening and **improving processing efficiency** while **reducing customer costs**. For larger or harder-to-scan items, we offer a full range of **ETD and FREDDS** options.

WE ENSURE SECURE, EFFICIENT CARGO HANDLING THROUGH REGULATED AGENT STATUS AND ADVANCED X-RAY SCREENING.

CUSTOMS BROKERAGE

We have an in-house customs team ready to process **import and export customs** entries quickly and cost-effectively. A deferment account is available to improve import processing efficiency. **TIs for outbound European** road traffic can also be arranged swiftly and affordably.

OUR IN-HOUSE CUSTOMS TEAM **ENSURES FAST, COST-EFFECTIVE CLEARANCE** FOR AIR AND ROAD FREIGHT.

PHARMACEUTICALS

We have invested significantly in **cold storage** equipment, and our site and **quality systems** are fully **MHRA/GDP certified**. This ensures **compliance** with the stringent practices and processes necessary to maintain shipment integrity throughout transit, giving customers confidence that patients and clinical trials always receive the **correct equipment and medications** in **perfect condition**. Tertiary **packaging and data loggers** are available to maintain **temperature control and provide reporting**.

WE OFFER **MHRA/GDP-CERTIFIED** COLD CHAIN SOLUTIONS TO ENSURE **SAFE, COMPLIANT DELIVERY** OF EVERY PHARMACEUTICAL SHIPMENT.

ON BOARD COURIER

Take advantage of the **fastest possible international delivery** with our On Board Courier (OBC) options. Whether you require a full **door-to-door** service or need your courier **met at the airport** for **final-mile delivery**, we can provide fast quotations and detailed updates throughout the process.

OUR ON BOARD COURIER SERVICE OFFERS THE **FASTEST GLOBAL DELIVERY** WITH REAL-TIME UPDATES AND FLEXIBLE, **DOOR-TO-DOOR SOLUTIONS**.

DEDICATED DRIVES

Often, the **quickest method** for delivering larger cargo from the **UK to mainland Europe** is via one of our dedicated vehicles, which can be arranged and dispatched within just a few hours. **Live tracking** (where available) or **milestone updates** are provided throughout the journey. Assistance with overseas **import customs clearance** can also be arranged.

OUR DEDICATED DRIVER SERVICE ENSURES RAPID, TRACKABLE DELIVERY ACROSS EUROPE WITH CUSTOMS SUPPORT WHEN NEEDED.

OVERNIGHT ROAD SERVICES

Our customers benefit from our strong partnerships with providers of UK overnight delivery services. From **fully tracked parcels** to **groupage** and **pallet network solutions**, all shipments are handled with care and efficiency, **within budget**.

OUR OVERNIGHT ROAD SERVICE OFFERS RELIABLE, **COST-EFFECTIVE UK DELIVERY** WITH FULL TRACKING AND **FLEXIBLE SHIPMENT OPTIONS**.

WHITE GLOVE SERVICES

Our **premium final-mile** delivery service includes **special features** such as **air-ride vehicles, multi-person delivery teams, unpacking, assembly/installation, and debris removal**. Items are handled with the utmost **care and attention** to detail, making our white glove service ideal for **fragile** or **high-value** products.

OUR WHITE GLOVE SERVICE ENSURES **CAREFUL, EXPERT HANDLING WITH PREMIUM DELIVERY FEATURES** FOR FRAGILE OR HIGH-VALUE ITEMS.

TEMPERATURE CONTROLLED TRANSPORT

We are ready to support your **chilled or frozen** road transport needs. Our Class 1 **refrigerated trailer** is rated from **-20°C to +20°C**, and we have access to a wide range of additional vehicle options, both in the **UK and overseas**.

WE PROVIDE RELIABLE TEMPERATURE-CONTROLLED TRANSPORT WITH **FLEXIBLE CHILLED** AND FROZEN OPTIONS ACROSS THE UK AND EUROPE.

ETSF BONDED WAREHOUSE

The ETSF Bonded facility within our warehouse enables importers to **store goods** without clearing customs until required. **This improves importers' cash flow**, as duty and VAT only become payable when goods enter free circulation in the UK. It also allows incoming goods to be stored prior to **re-export without requiring an import clearance** process.

OUR ETSF BONDED WAREHOUSE OFFERS DUTY-DEFERRED STORAGE AND SEAMLESS HANDLING FOR IMPORTS, RE-EXPORTS, AND CUSTOMS EFFICIENCY.

DANGEROUS GOODS

Strictly adhering to regulations set out by **IATA, IMDG, and ADR**, we offer **packing, labelling, and certification** services for hazardous goods shipments. Our team is thoroughly trained to ensure **meticulous compliance** with safety regulations for the handling and transport of such materials.

WE EXPERTLY HANDLE HAZARDOUS GOODS (**ADR UN CLASSES 1-6, 8 & 9**)
WITH **FULL COMPLIANCE TO IATA, IMDG, AND ADR REGULATIONS** FOR
SAFE, **CERTIFIED TRANSPORT WORLDWIDE.**
